

COMMUNITY MEETING

Help create safer access to our waterfront

Wednesday Feb. 28 | 6 – 8 p.m.

Edmonds Library, Plaza Room, 650 Main St
Presentation starts at 6:15

JOIN US AT THE MEETING TO:

- Learn about the project
- Meet and talk to project staff
- Share your thoughts on preliminary design concepts

CAN'T COME BUT WANT TO PARTICIPATE?

Visit our website to learn more and share your thoughts

Based on the outcome of the Waterfront At-Grade Crossings Alternatives Analysis, the City of Edmonds is beginning to design a single-lane emergency vehicle and pedestrian overpass that will connect Edmonds Street to the Brackett's Landing North parking lot.

THE WATERFRONT CONNECTOR will be a long-term solution to at-grade railroad crossing conflicts, allowing pedestrians and emergency vehicles safe and direct access to the waterfront.
